PROFESSIONAL EXPERIENCE

Frontend Web Developer

Omega Digital Agency — Ibadan, Nigeria
September 2020 – January 2022

- Developed responsive interfaces with HTML, CSS, JavaScript, React, NodeJS.
- Converted UI/UX designs into functional web pages.
- Integrated frontend logic with backend teams to deliver client projects.
- Performed testing, debugging, maintenance, and documentation.

Intermediate React Developer

Align Digital Tech — Ibadan, Nigeria
February 2022 – October 2023

- Contributed to the development of a full e-commerce platform (**grouby.com.ng**) using React.

- Wrote clean, maintainable code and supported responsive UI development.
- Assisted with debugging, testing, and integrating front-end features with backend APIs.
- Supported ongoing website updates, improvements, and UI refinements.

React Developer (Contract)

Evolve Labs — Remote/Hybrid
April 2024 – November 2024

- Converted Design to Code. I worked on the UI/UX design personally.
- Maintained features for **The Course Masters**, a modern e-learning platform using Next.js and TailwindCSS.
- Collaborated with designers and backend engineers to implement scalable, reusable components.
- Delegated backend responsibilities and contributed to API integrations.
- Used Git for version control to support multi-developer collaboration.

Senior Frontend Developer + WordPress Specialist

Mayowa Philips Projects — Ibadan, Nigeria
October 2023 – July 2024

- Designed and delivered multiple responsive business websites using **WordPress, Elementor, HTML, CSS, and JavaScript**.
- Led website redesigns, improving visual consistency and performance.
- Hosted training sessions and mentored junior developers on WordPress and frontend best practices.
- Improved site load speed and UI consistency for client projects.

Senior Software Engineer (Frontend & Backend)

Everlasting Systems Solutions Limited — Remote

February 2025 – Present

- Led frontend development for multiple client projects using React, Next.js, Node.js, and modern UI libraries (ShadCN UI, Material-UI).
- Built **Mercy Land Home Care** platform using Next.js, React, Node.js, and ShadCN UI, delivering a responsive healthcare services application.
- Developed **Horace LMS** (Learning Management System) with React, Next.js, and Material-UI, creating an intuitive educational platform interface and dashboard.
- Created **Shortlet Homes** booking platform, implementing property listing and reservation features with modern frontend technologies.
- Designed and delivered **Cedar Harvesters Schools Landing Page**, ensuring brand consistency and optimal user experience.
- **Trained and mentored interns and new recruits** on React, Next.js best practices, and frontend development workflows.
- **Delivered product presentations and demos** for the Horace LMS platform to stakeholders and clients, effectively communicating technical features and business value.
- Provided ongoing technical support and maintenance across multiple production applications, ensuring uptime and performance optimization.
- Collaborated with cross-functional teams to deliver scalable, reusable component architectures.
